as Horton the
Elephant this
month at the PAC.**

Hardin County Schools

PAC KID SPOTLIGHT

CALEB CUNIGAN

Central Hardin High School

What have you participated in at the PAC?

My first show was my 4th grade production of *Beauty and the Beast Jr.* whereas my first PAC show was the 2012 production of *Les Miserables*, where I volunteered as part of the set crew. I have spent the past four summers at the PAC, where I have been in YTHC's productions of *Seussical the Musical* (my current show), *Thoroughly Modern Millie*, *Mary Poppins*, and *Guys and Dolls*. I have also been in *The Hobbit*, Central Hardin's productions of *Footloose*, *Bring it On*, *The Addams Family*, *Radium Girls*, and *A Polar Bear in New Jersey*. I have also performed countless times with the Central Hardin choir at the PAC.

What do you want to be when you grow up?

I will be attending Campbellsville University in the fall in order to get a Bachelor's Degree in Spanish. With that, I plan on teaching Spanish at the high school level. I plan on being very active in both Campbellsville's and also my future school's drama departments.

How has the PAC helped you toward that goal?

Without the PAC, I would not be the same quirky person I am today. In order to relate to students, one must have lots of exposure to the diversity of teenagers. Being a part of the PAC family has shown me this. I am friends with kids my age and even younger from all walks of life, and none of this would've happened without the PAC.

Why is the PAC important to you?

The PAC has given me lifelong friends, the most amazing experiences, and new outlooks on life. Performing is my favorite art form and having the PAC as a facility to perform in makes me realize how lucky I am to have such a facility to share my talents in, as well as a great group of directors and staffers that have helped guide me along the way.
