### **What did you learn from your experiences?**

You will achieve results in direct proportion to what you personally put into the performance. Hard work and perseverance are your best friends when performing; however, enjoying what you're doing is also a great help.

### **What do you want to be when you grow up?**

I'm not sure yet, but one dream I have is to perform professionally in ballets or musicals.

### **How has the PAC helped you toward that goal?**

Performing at the PAC has allowed me to experience a whole new world and allowed me to experience the joy of performing.

### **Why is the PAC important to you?**

I have grown up both performing at the PAC and also enjoying watching others perform. I have so many wonderful memories in this place that I will cherish the rest of my life. The PAC was the place where I experienced my first taste of performing with dear friends for my family, friends, and many others.
