Richmond, KY*

WHAT HAVE YOU PARTICIPATED IN AT THE PAC?

I attended the workshop with Tommy Emmanuel and was given the opportunity to perform with him on stage during his concert.

WHAT DID YOU LEARN FROM YOUR EXPERIENCE?

I learned a lot of different things from being backstage as well as being on stage. The one thing that impacted me the most was how the temperature can change dramatically from the green room, to the side of the stage, to being in front of the warm lights on the stage. Prior to this experience I had not taken into consideration how temperature variation could affect the tuning of my guitar. I also learned from Tommy Emmanuel that playing from the heart will not only bring joy to you as the performer but will also provide joy and happiness to the audience as well.

WHY IS THE PAC IMPORTANT TO YOU?

It's a venue where you can see, hear and experience some great performances. It's an incredible outlet for young performers to experience the stage and all the mechanics that are involved with a performance. I hope this program continues as it's giving young people a chance to explore the performing arts.
