I have learned that it takes a lot more than just the performers to put on a show. There are a lot of people behind the scenes that really help put the performances together.

I have benefitted from the PAC because it has helped me get out of my comfort zone. It has pushed me to be more outgoing and has given me more confidence.

The PAC is important to me because I have grown up dancing there. I have been performing there since such a young age it's just a sense of comfort when stepping out on the stage.

## Why should the PAC be important to others?

The PAC should be important to others because it's a good learning opportunity. There are so many things you can learn not only while performing there but while being backstage as well.
