**How have you benefited from the PAC?**

It has allowed me to open up more and learn more about the performing arts.

**Why is the PAC important to you?**

It is an environment that I enjoy and have come to love.

**Why should the PAC be important to others?**

It should be important to others because it is meant for everyone. It is a place that people can come to and entertain or be entertained. The performing arts are important for society and even if some don't participate, they are still connected to them in one way or another.

**Do you have any other comments you'd like to share?**

I am very thankful for the opportunities I have been given and that I've been able to perform in the PAC.
