Beauty and the Beast

What have been your most rewarding PAC experiences?

Getting to work with really professional people who are also hilarious and fun to be around.

What did you learn from your PAC experiences?

I'd say between this and the Stephen Foster story; they have been helping me experience what working in professional theatre is like.

How have you benefited from the PAC?

The connections and the friendships I've made here. The community is wonderful!

Why is the PAC important to you?

I've never seen a bad show from the PAC, so I think it's important to support this place so they can keep doing the great work they do

Why should the PAC be important to others?

It's one of the few places in Kentucky that has the ability to do these high-quality types of productions. And that's a gift I think especially the locals of Etown should be proud of.
