

SPOTLIGHT

This month The PAC Spotlight shines on:

North Hardin High School's Keira Cortes-Sheroan

What do you want to do when you grow up?

I want to be an elementary school teacher, though I hope to continue to pursue my love for dance and theater.

What have you participated in at the PAC?

I have participated in Youth Theatre of Hardin County (2018-2022), North Hardin High School choir concerts (2019-2022), and many Allegro Dance Theater recitals and musicals (2014-2022). I have also had many wonderful experiences working in tech for various PAC productions!

What have been your most rewarding PAC experiences?

My most rewarding PAC experiences have all involved working with new performers and participants. It's really exciting to see people step into this space and transform throughout the production process. Whether it's students participating in a summer camp or someone joining Youth Theater for the first time, I love being a role model and seeing what joy performing can bring. To know that someone is looking up to you and wants to do what you do is a feeling like no other.

What did you learn from your PAC experiences?

It was a hard lesson to learn, but perfection does not simply outweigh one's passion.

How have you benefited from the PAC?

Through various experiences with the PAC, I have grown so incredibly both as an artist and a person. I have become confident in my ability to do what I love and will forever love what I do.

Why is the PAC important to you?

The PAC has a very special place in my heart because it's where my passion for the arts began. From the moment I took my first step onstage, I knew that I would never want to leave.

Why should the PAC be important to others?

The PAC should be important to others because it is a vital outlet for our community. I have seen so much talent, creativity, artistry, and love put into this facility. Most people see the results of the PAC's work, but if they could only catch a glimpse behind the scenes. The PAC is a safe space for so many of us, and I can't imagine Hardin County without it.
