

#### **What have you participated in at the PAC?**

Throughout my middle and high school careers, I participated in numerous band concerts that always happened at the PAC. I also participated in the Heartland Winds, a community band that performs and rehearses at the PAC. This summer of 2023, I was given the opportunity to be the intern of the PAC under the guidance and mentorship of Bart Lovins.

#### **What have been your most rewarding PAC experiences?**

My most rewarding experience at the PAC was getting to be their intern. It has been a dream of mine since I was in middle school to work with Bart and the rest of the PAC staff because it is such a welcoming and joyous team of people. Getting to work behind the scenes and help where I can while also gaining a wealth of knowledge that I can transfer to my future career.

#### **What did you learn from your PAC experiences?**

The plethora of knowledge that the PAC has given me continues to grow daily as I come in daily to learn new skills and techniques and make connections. Thus far, I have learned to always treat people with kindness, respect, and grace.

#### **How have you benefited from the PAC?**

I have benefitted from the PAC by being able to pursue what I am passionate about. When I first entered the PAC, it was for a field trip in elementary school, then I went to perform in a band concert, and now I am in college pursuing Arts Administration and interning with the PAC to further that knowledge.

#### **Why is the PAC important to you?**

The PAC is important because it allows me to gain the knowledge and experience that will greatly benefit me in my career path as an Arts Administrator.

#### **Why should the PAC be important to others?**

The PAC is one of the only spaces for the performing arts to take place and should be important to others because it is a space for people to express themselves freely and enjoy being in the presence of the performing arts.
